## Industrial Tour for GNA Gears

KC College of Engineering & IT, Nawanshahr organized one day trip to GNA Gears for the students and faculty members. GNA is amongst the world's leading manufacturers of automotive transmission components. A GNA gear is reputed for its cutting edge technology, established quality processes and capabilities owned to a legacy of perseverance and forward looking attitude. The students got exposure of standard tool room, Die Section forging, engineering design, heat treatment centre and CNC Machine Centre and Dry cutting machine centre. At the end we conclude that this visit is very fruitful for the students where they learn about the working of industry & also they come to know about the challenges face by the workers while working in industries.
